*Author Steve Horton*

In addition to writing BOWIE, Steve Horton is most recently the author of the graphic novel Satellite Falling (IDW Publishing), which multi-award winning comic writer Jimmy Palmiotti called his "new favorite book."

Inspired by the one & only superhero, extraterrestrial and rock & roll deity in history, BOWIE is the original graphic memoir of the great Ziggy Stardust! Chronicling the rise of Bowie's career from obscurity to fame; and paralleled by the rise and fall of his alter ego as well as the rise and fall of Ziggy Stardust. As the Spiders from Mars slowly implode, Bowie wrestles with his Ziggy persona. The outcome of this internal conflict will change not only David Bowie, but also, the world.
